Oct 9-10 2012

Huron Event Center

A dynamic conference for business owners, teachers, entrepreneurs, ag producers, community development leaders, young entrepreneurs and anyone who is interested in growing rural America!

MarketPlace

opening doors to success

visit www.cfra.org/marketplace/sd-12 for details

Learn.

Learn to build a better brochure, how to effectively use social media to build your brand, write a business plan, or get better at marketing. These are just a few of the over 30 topics we'll have to help you make your business better.

Connect.

Networking on your own isn't easy. We understand that. That's why we make it easy at MarketPlace to connect with other business owners who go through the same issues and struggles you do. You'll find you have a lot in common.

Grow.

We want to help you grow. It's that simple. If your business gets better, it's better for all of us in rural South Dakota. Whether you need help with your finances, your marketing plan, or just want to bounce ideas off of other professionals, this is the place for you.
